2011 ISAAA Report on Global Status of Biotech/GM Crops

by
Dr. Clive James
Founder and Chair, ISAAA Board of Directors

International Service for the Acquisition
Of Agri-biotech Applications (ISAAA)

http://www.isaaa.org
US registered, Not-for-Profit Charity, co-sponsored by public and private sector organizations

Mission of ISAAA:

• Share knowledge on crop biotechnology so that the global community is more well informed about the attributes and potential of the new technologies

• Contribute to poverty alleviation by increasing crop productivity and income generation, particularly for resource-poor farmers, and to bring about a safer environment and more sustainable agricultural development, through crop biotechnology.

• For more information, visit http://www.isaaa.org
The Philanthropic Co-sponsors of the ISAAA 2011 Report

Fondazione Bussolera-Branca, Italy
– supports the sharing of knowledge to aid global society to make knowledge-based decisions about biotech crops

Ibercaja, Spain
– the fourth largest bank in Spain based in the maize growing area of the country where Bt maize is successfully grown – the largest area of Bt maize in the EU
Global Area of Biotech Crops, 1996 to 2011: Industrial and Developing Countries (M Has, M Acres)
