

## The Public Research and Regulation Initiative

---

Understanding and engaging in  
regulation of biotechnology.

*Lucia de Souza,  
Executive Secretary*

## PRRI

---

a world-wide initiative of public sector  
scientists active in modern biotechnology  
research for the common good.

Objective: provide a forum for public  
researchers to be informed about and  
involved in international regulations and  
policies pertaining to modern biotechnology.

## PRRI

---

### Main activities:

- 1) raise awareness for the need for and progress in public research in modern biotechnology, and
- 2) bring more science to the international debate.
