Socio-Economic Considerations in Decision making

*Piet van der Meer*

Key concepts and distinctions

---

Article 26.1 Cartagena Protocol:

The Parties, in reaching a decision on import under this Protocol or under its domestic measures implementing the Protocol, may take into account, consistent with their international obligations, socio-economic considerations arising from the impact of living modified organisms on the conservation and sustainable use of biological diversity, especially with regard to the value of biological diversity to indigenous and local communities.

## Key concepts and distinctions

---

### Article 26.1 Cartagena Protocol:

- The Parties, in reaching a decision on import under this Protocol or under its domestic measures implementing the Protocol,
- may take into account,
- consistent with their international obligations,
- socio-economic considerations
- arising from the impact of living modified organisms on the conservation and sustainable use of biological diversity, especially with regard to the value of biological diversity to indigenous and local communities
